# QUALITY POLICY

---

## OUR COMMITMENT

---

A&C Catalysts is committed to meeting our customers' and relevant interested parties' requirements and exceeding their expectations in quality, service and delivery.

We achieve this by our Quality System, by listening to our customers, risk assessment of external providers, distributors and operations, and by the teamwork of all employees.

We are dedicated to continual improvement of all segments of our ISO 9001:2015 quality system to make A&C Catalysts a world-class supplier of thermoset resins, curing agents and additives.
